AIRS e-Library

- ~150 GB of PDF files, menu-linked for easy access

- ~ 6000 BAE & JPL searchable Design File Memos with global indexing for key word searches

- ~ 5500 AIRS CAD drawing files (8 different file formats) including sub–contractors & vendors (ITAR restricted)

- Linked, searchable 22-page tree for easy access to drawings

- AIRS Project Document Library (subject menu-linked to searchable documents)

- AIRS Instrument Anomaly Fault Flow linked by subsystem to flow charts, displays, operational procedures and design documentation for rapid, on-orbit anomaly resolution

- Use of PDF file format ensures PC and Mac compatibility and easy update of the library data base
